D1 24
23. (Amended) The method of claim 22 wherein the step of roll coating comprises feeding the
coating composition to a doctor blade, transferring the coating composition from the doctor
blade to a gravure roll, and applying the coating composition to the antireflective surface of
the substrate from the gravure roll.

D2 13
45. (New) The antireflective article of claim 1 wherein the antisoiling coating composition
further comprises a solvent.
